NO. 53

HON. GEORGE E. STONE.

Democratic Nominee for Congress in the Eleventh District.

The following taken from the facile pen of Editor Campbell tells the good news so well that we take pleasure in giving it prominence. The convention that nominated Mr. Stone was held at Somerset Thursday and was a most harmonious one. The unanimous nomination of Hon. George E. Stone, of Wayne county, to be a candidate for election as Representative of the 11th district in Congress, was a happy solution of the problem of availability. He is centrally located in the only democratic county in the district. He is the best known man by reputation within the district. He possesses all the sterling qualities of a model citizen, the

conservatism of a sound and sane partisan. He is a brilliant speaker, a profound jurist, a polished and lovable gentleman of the old school of Kentuckians. He comes from a family of lawyers and statesmen who have been distinguished throughout Kentucky for a century. From every possible standpoint of view Mr. Stone fills the eye and rejoices the heart of democrats and independents, not only in the district but all over the State. Should he be elected to Congress every interest of the district will be guarded and every individual who gave to him his vote will have reason to be proud of the act.

WHAT IS CATARRH?

Hyomel Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomel cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

Offensive breath, dryness of the nose, pain across the eyes, pain in back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, a cough, stitch in side, loss of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, droppings in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomel will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Penny emphasizes it by agreeing to refund your money if Hyomel does not cure.

To The Taxpayers of Lincoln County.

Messrs E. D. Kennedy and A. A. Crutchfield will assist me in assessing the property of the county this year and as the Legislature at its last session changed the time for beginning the work from Sept. 15 to Sept. 1, I or one of the above gentlemen will call on you in the near future for a list of your property. I want to impress upon you the importance of being ready to give your list promptly when called upon. Thanking you for the kindness shown me and my deputies and again promising you that we will return that favor by doing our duty to the best of our ability, I am Very Respectfully,

M. G. REYNOLDS, Assessor.

DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,
of New York.

For Vice President.
HENRY G. DAVIS,
of West Virginia.

For Judge Fifth Appellate District,
JUDGE JAMES E. CANTRILL,
Of Georgetown.

DURING the year just ended 47,374 persons were added to the pension rolls and 43,820 pensioners died. It is the first year since the pension hold got so strong that the deaths exceeded the additions, but it would seem that such result would be largely looked for hereafter. There are now 997,752 names on the rolls and pension payments on account of them were \$144,712,787. More than all the expenses of the government formerly were.

MARYLAND gave McKinley 13,941 majority in 1900 owing to the free silver scare, which the sound money league, which was composed almost exclusively of bankers and financiers of the democratic party did its utmost to inspire. The league will not be reorganized this year. Mr. Nelson, of the banking house of Hamilton & Co., explains that there is no occasion for it and Maryland is as safe for democracy as Kentucky.

HON. DAN L. MOORE is out of the race for Congress, leaving a clear field to Hon. George G. Gilbert. He states in a card that he "prefers to retain his self-respect and lose an office, rather than lose his self-respect and gain an office." We suggest that the genial gentleman furnish a diagram to his friends in this end of the district. They don't exactly catch on to what he is hitting at.

CONGRESSMAN GRIGGS, former chairman of the democratic Congressional committee, who has just returned from a trip through the West, does not regard that section as hopelessly republican by any means. He believes the chances favor the democrats in Montana, Colorado and Nevada and that they will gain Congressmen in other States.

REPUBLICANS of this Congressional district will meet at Nicholasville Sept. 14 to name a candidate for Congress. County conventions will be held Sept. 10. J. Brutus Clay, of Madison, will likely be the lamb for slaughter.

AS in direct answer to Secretary Shaw's prayer to be saved from an era of low prices, the price of bread has advanced one cent per loaf. Thus are the people blessed with republican prosperity and the flour trust.

THE Courier Journal is real mean. It promised to tell the people what the Woggle Bug said but it has decided to withhold the important information a week more. Some of us will die if we have to wait much longer.

DAVID B. HILL gives out the sad information that he will quit politics Jan. 1st. 'Tis a pity for him to quit just as he is getting on the right side again. Four or eight years ago it would not have been so bad.

OF 80 New York democrats of prominence who voted for Palmer and Buckner in 1896, the World finds only one who is for Roosevelt in this campaign. This does not look like bolting.

POLITICAL.

President Roosevelt within the next three or four days will have put the finishing touches on his letter of acceptance. The date of its publication probably will be Monday, September 12, and it will contain approximately 12,000 words.

George Stone, of Monticello, Wayne county, was nominated for Congress by the most enthusiastic convention of Democrats which has assembled in the Eleventh district in many years. Predictions of his election are based on the growing disaffection in Republican ranks.

With so excellent a candidate as Hon. George E. Stone, who is a man of spotless reputation, unswerving party loyalty and a speaker of power and eloquence, the democrats have a fine chance of electing a Congressman in the 11th district, which is rent and torn by republican factions—Lexington Democrat.

Secretary Shaw, of the United States Treasury, predicted that there would be a surplus of \$14,000,000 by June 30, last, the end of the fiscal year. This was a political feeler, uttered for political purposes. As a matter of fact there was a deficiency of \$41,000,000 which the secretary is unable to account for. This makes no difference, however, to a republican administration which has been noted for its wilful waste of public funds and what's the odds so long as they are happy.

The big bull snake that has been causing such alarm in the Poplar Creek neighborhood, six miles south of here, has been cornered and killed by a man named Pope. The snake measured 16 feet in length. The reptile had been seen at various points along the Cumberland river at various times this year and at one time was cornered while chasing pigs, but managed to elude the two men who encountered it. It never showed fight save when attacked.—Barbourville dispatch.

After the family and all the neighbors in and around Flatwoods, Garrard county, had searched 24 hours for Maggie Collett, the 10 year-old daughter of Thomas Collett, she was found hiding in a cane brake near her home. When found the child gave as her reason for running away that her father had threatened to whip her. Soon after she disappeared her bonnet was found in the woods torn in shreds and foul play was suspected. A neighborhood fortune teller was interviewed and she told that the child had been drowned. The news soon spread throughout the section and searching parties organized and spent the night in the woods. No clue could be obtained until the bloodhounds arrived and set out on a trail, which led to the discovery of the little girl hiding in a cane brake.

Robison, who lived here a number of years, and who is an exceedingly clever and honorable gentleman.

RESIGNED—Dr. J. B. Owsley yesterday placed his resignation as cashier of the Lincoln County National Bank in the hands of the directors of that institution, the resignation to take effect Jan. 1st. Dr. Owsley has been cashier of this bank and its predecessors for many years and is probably the best known banker in this section of the State. Certainly there is no more popular bank officer nor one who has done more for the young men of his section than he has. Many a struggling youngster has been helped substantially by him and never was he known to turn a deaf ear to a person in distress. While successfully managing the affairs of his bank, Dr. Owsley has materially helped mankind and numbers of people in this and adjoining counties owe their success in life to the start furnished by him. May he enjoy the well-earned rest is the plaudit of all who know his sterling qualities of head and heart. We are glad to state that he will continue to reside in Stanford.

CROWDS estimated at from 5,000 to 8,000 attended each day's exhibition of the London fair and enjoyed to the fullest extent the good show of stock and the many special features given. With Mr. J. T. Williams president, Ed A. Chilton, secretary, R. M. Jackson, general manager, and John Pearl, ring master, the fair could have been nothing short of a success. Splendid order was preserved throughout and everybody had a good time. One of the most interesting rings was the fancy turnout contest. There were eight entries—all magnificent rigs with high-stepping steeds hooked to them. R. M. Jackson and Mrs. Carahan, the latter of Toledo, O., won the blue and Roy S. Beazley, of this county, and Miss Clara Jackson, of London, the red. Another contest of interest was the woman's driving ring. Seven or eight drivers acquitted themselves creditably but Mrs. Parsey, of London, and Mrs. Miller, of Richmond, were awarded the first and second prizes, respectively. While this ring was being shown the rigs of Mrs. John W. Bastin and Miss Williams collided and both of the ladies were thrown out, but we are glad to state that neither was hurt. One of the most successful horsemen present was M. L. Pearce, of Lebanon Junction. His stable consists of Eagle Boy, a fine combined stallion, Glasgow, a combined gelding—a good actor and a well educated horse, Kitey, a spirited spotted Arabian pony, a pacer, a walking mare, Reuben H., a good four-year-old, Bonnie Cherry, another walking mare, and Sam Terry, a great combined gelding. He got 18 blue ties and an armful of reds. Roy S. Beazley shows his horses and does it well. Each afternoon had a varied program presented by a Hippodrome company of chariot races, Roman standing races, running races, dog races, etc., all of which were thoroughly enjoyed. The fair was a great success from every point of view.

M., Moreland at 7:55 and McKinney at 8:05. Returning the train will leave Somerset at 6 P. M. The fare for the round-trip is one fare plus 25c.

THE more advanced pupils of Miss Ellen Ballou will be required during the coming session to analyze some of the classics that will be presented by the Cincinnati Symphony Orchestra and be given the opportunity to hear their concerts. Miss Ballou having made arrangements to take parties of her pupils at reduced railroad rates.

LIFE SENTENCE—John Metcalf, for killing his brother, Ben Metcalf, was given a life sentence by the Garrard circuit court Saturday afternoon. Six of the jury were for the death sentence, says a dispatch from Lancaster. The killing resulted from the return of Jno. Metcalf from Missouri to make his home on his father's farm after an absence of nine years. Ben Metcalf had been living on the farm and resented his brother's return. It was proven that John Metcalf went to Richmond and purchased a pistol and the next evening shot his brother in the presence of his father, mother, his wife, his brother's wife and their children.

WATERS.—Mrs. Evan Waters died at her home on the Danville pike, four miles from that place, at an early hour Friday morning, aged 84. The burial took place in Buffalo cemetery Sunday after a beautiful funeral discourse by Rev. O. M. Huey at the Baptist church. In speaking of her the Danville Advocate says: "Her maiden name was Miss Sallie Cook, and she was the last survivor of the 10 children of George Cook, at one time a prominent resident of this county. Mrs. Waters was born in sight of the present residence on the Stanford pike, where she has spent her entire life. When 14 years of age she joined the Old Providence church and was baptized by Rev. John Higgins, who afterwards performed her marriage ceremony. Her membership remained there until 57 years ago, when at the establishment of the Stanford Baptist church she became a charter member and was the last survivor of the 10 charter members of that church, of which she was ever afterwards a faithful member."
